Lara Serro, Director
The Bristol Assisted Living Facility
40 Merrick Avenue
East Meadow, NY 11554

Dear Ms. Serro:

On behalf of myself and my mother, Toby Reed, I would like to offer our sincere thanks to Allison Sweedan, Wellness Supervisor. During this recent decline in my mother's functioning, and indeed throughout my mother's stay at the Bristol, I have been both comforted by and appreciative of Allison's professionalism and willingness to go above and beyond in her dedication to resident care.

In a job that is difficult and demanding, Allison has been able to help us to problem solve when issues have arisen. At times when events happened outside of regularly scheduled shifts she has made herself available to help us. She has done it with grace, compassion and a beautiful smile. The Bristol is fortunate to have her on their staff and we are grateful for all her contributions to my mother's care.

Sincerely,

A handwritten signature in black ink, appearing to read "Merrill Weiner", with a long horizontal line extending to the right.
