

Dear Lara,

I want to say a special thank you to you and your staff for everything you did above and beyond in making sure that all of your special people were going to be safe and taken care of during the hurricane. When I left there on Saturday knowing that all of you were staying over I was truly overwhelmed at the level of dedication that was displayed. Of course I knew there would be a plan, but I never imagined it would involve the director sleeping over. Being away from your own family, especially young children is a unique sacrifice that not a lot of people are capable of. I personally want to say thank you for being there for my mother. I hope other families are equally appreciative.

Much love from the Queen and her daughter,
